C#m

Skipping to the good part now,

A

Erase it all,

Forget about whatever I said when I wasn't right

C#m
The constant droning in your ears

A
Repeating phrases, can you hear me?

E **A**
Are you down to start the whole thing over?

[Pre-Chorus]

A **B** **C#m** **E**
Never meant to hurt you but you're never gonna see
A **B** **C#m** **E**
And in due time it will hit you the way that it hit me

I think we'd be happier if you'd just get some sleep

[Chorus]

E **F#m**
It's every other day for me
A
I swear
E **F#m**
Every other day for me

Please, it's fine
E **F#m** **A**
Fawning over me for watching out for thee
E **F#m** **A**
Please, it's fine
E **F#m** **A**
Fawning over me for watching out for thee
