

Break My Soul

Hybrid

Hybrid - Break my Soul

Tuning: Half step down

Note: This one is not quiet easy. There are many chords that will not played without holding barfret.

Try out for yourself which one is played normal and which one is play on barfret.

I give some advices, but I can t guarantee that for every Chord.

All Chords are fret based, except those in the Bridge for 1st Guitar and in the Bridge

on the 1st half for 2nd guitar, but no guarantee on that.

And please listen to the record, if you do not understand when to grip which chord.

(emphasis on the h)
