The Us I Am Arrows G C I took my time, and got a little lost G I was not told, and had a feeling I d been crossed Em G C If you think I m looking a little grey Em G C It s just the way I m feeling these days G Is this the us you ve fallen for? С If it is then we re done for G Is this the us you ve fallen for? С I guess it s what we all long for G C If we d have thought about the walls we d have to climb G С Would we see this through and feel like everything was just fine? Em G If you see me looking the other way Em G C It s just the way I m looking these days G Is this the us you ve fallen for? С If it is then we re done for G Is this the us you ve fallen for? C I guess it s what we all long for

This is a great song; very simple to play. Enjoy!
