I Am Kloot - To the Brink  
=====

**A**  
Do you fancy a drink? I know a place called The Brink.

**C#m**

Do you wanna go there?

**F#m**

I can buzz off your smile

**E**

and there may be people you know there.

**A**

They've got no rule of thumb, so on the counter I strum

**C#m**

with my fingers.

**F#m**

And I adore the surprise of tomorrow's sunrise,

**E**

so I linger

**C#** **F#m**

And I raise a glass, a smile or two.

**B** **A**

This stuff strips the light from your bones.

**C#** **F#m**

And I would like to stay with you,

**B** **E**

but I leave alone

**A**  
You're the guy on the bus whose not quite one of us.

**C#m**

You hear laughter.

**F#m**

And they won't let you in 'cause everyone knows

**E**

what you're after.

**A**

So you wear the disguise of your brilliant eyes

**C#m**

drenched in flamboyance.

**F#m**

And you sit by the bar

**E**

much to everyone else's annoyance.

**C#** **F#m**  
And I raise a glass, a smile or two.  
**B** **A**  
This stuff strips the light from your bones.  
**C#** **F#m**  
And I would like to leave with you,  
**B** **E**  
but I stay alone.
