

No Smile

I Blame Coco

NO SMILE

F#m E D

F#m E D

Have you ever got a smile
That you know you d always love it
See, even if it vomits bile
You d only miss it

It turns upside down and cries
And you just want to kiss it
I get the feeling from your eyes
This time you won t dismiss it

From a seven storey building
I think of you (oh oh oh)
Obsessive minds like mine
Are speed dialing you

Fragments of your face
Race around my lonely place
And I jump for you

Bm A

Got no time to waste

F#m

Cause there s no smile here
x2

F#m E D

Cause I promised I would constantly love you
Until the day I die
I promised I would constantly love you
Until the ends of time
x2

(the same)

Oh x10

I need you in sickness
I need you in health
I need you on my guest list
I need you by myself

So be apart forever
Baby boy, you re mine
But nothing lasts forever

So instead I ll take my life

Got no time to waste

Cause there s no smile here

x2

Cause I promised I would constantly love you

Until the day I die

I promised I would constantly love you

Until the ends of time

x2

(**F#m** **E** **D**)

I love you but there s no smile here x2

I love you but there s no smile

I love you but there s no smile here x3

I love you but there s no smile
