Bridge 4x

Chorus 8x

end on A/D

or if you prefer it with lyrics:

A/D **F#sus2**
I hear the drips and drones of a nightmare
Eaug/A **B7sus2**
i let you slip in my head now i m almost ready for
A/D **F#sus2**
a night laced with oceans and hot air
Eaug/A **B7sus2**
your mind s a cold crazy place now i m almost ready for you

A/D **Eaug/A** **B7sus2** **A/D** **F#sus2**
all I ve been thinking all night is how i wanted to be there

A/D **Eaug/A** **B7sus2**
and theres nothing i could say that can sway your eyes you had already faced it
A/D **Eaug/A** **B7sus2**
while i m draggin up the lines that you had be there
A/D **Eaug/A**
B7sus2
and theres nothing i can say that could change your mind you were already wasted
A/D **Eaug/A** **B7sus2**
by thinking of the times that you d rather be there
A/D **F#sus2** **Eaug/A** **B7sus2**
you had to be there

A/D **F#sus2**
I say alright lets wake up from this nightmare
Eaug/A **B7sus2**
its time to let it all go and just hold on tight and ride it
A/D **F#sus2**
back the same way that it came here
Eaug/A **B7sus2**
where we re lyin awake prayin for the wave to take us

A/D **Eaug/A** **B7sus2** **A/D** **F#sus2**
all I ve been thinking all night is how i wanted to be there

A/D **Eaug/A** **B7sus2**
and theres nothing i could say that can sway your eyes you had already faced it
A/D **Eaug/A** **B7sus2**
while i m draggin up the lines that you had be there
A/D **Eaug/A**
B7sus2
and theres nothing i can say that could change your mind you were already wasted
A/D **Eaug/A** **B7sus2**
by thinking of the times that you d rather be there
A/D **F#sus2** **Eaug/A** **B7sus2**
you had to be there

Eaug/A **A/D** **F#sus2** **B7sus2**
old lines they fade with time in the salty air
Eaug/A **A/D** **F#sus2** **B7sus2**
those cold nights where feelings change in the summer air
