

**I Will Wait For You If You Do For Me Acoustic**  
**I Fight Dragons**

Capo 4th Fret  
Standard Tuning

Chords are: **C G Am F**

Verse 1:

**C**                    **G**  
In the pouring rain  
                         **Am**  
In the desert heat  
                         **F**  
Far across the sea  
**C**                    **F**                    **G**                    **C**  
I will wait for you if you do for me

Verse 2:

**C**                    **G**  
With the city lights  
                         **Am**  
Upon your cheek  
                         **F**  
Will you clearly see  
**C**                    **F**                    **G**                    **C**  
I will wait for you if you do for me

Prechorus:

**F**                                    **C**  
And though time will move so slow  
                         **F**                                    **C**  
You and I will still be fine  
                         **G**                                    **C**  
As long as we know

Verse:

**C**                    **G**  
Will the nights grow long  
                         **Am**  
Will the days grow bleak  
                         **F**  
When our hearts are free  
**C**                    **F**                    **G**                    **C**  
I will wait for you if you do for me

Whistle solo: **C G Am F**

**C**                      **F**                      **G**              **C**  
I will wait for you if you do for me

Prechorus:

**F**                                      **C**  
And though time will move so slow

**F**                                      **C**  
You and I will still be fine

**G**                                      **C**  
As long as we know

Verse 1/out:

**C**                      **G**  
In the pouring rain

**Am**  
In the desert heat

**F**  
Far across the sea

**C**                      **F**                      **G**              **C**  
I will wait for you if you do for me

**C**                      **F**                      **G**              **C**  
I will wait for you if you do for me
