I Got You on Tape

I am one out of a billion  
sitting down below the stars  
when i look up to the sky it doesn't seem to be that far  
if I did forget to mention  
what goes on inside my heart  
i can tell you nothing more or less than saying for a start

that I'll give you almost everything  
you can reach me where the stone turns to dust  
sometimes you will catch me shivering  
running wild and sort of lost in my cause

I go in and out of fashion  
I was born when elvis died  
I'm a fairly ordinary flower picking type of guy  
I am open to suggestion  
if you'd like to have a try  
talk me into swimming to the moon and back again tonight

and I'll give you almost everything  
you can reach me where the stone turns to dust  
sometimes you will catch me shivering  
running wild and sort of lost in my cause
