Hey Girl
Iamdynamite

Verse:
[**Am**]
Anywhere we go
They ll be pumpin it through the radio
And anywhere we go
They ll be there in our rooms so we re not alone
Anywhere we go
All our friends will believe but we ll know that they re wrong
And anywhere we go
We could try to believe it we will never be wrong
And anywhere we go
They ll be pumpin it through on the radio
And anywhere we go
They ll be there in our rooms so we re not alone

Chorus:
[**Dm**]
Hey Girl
Ahh ahh ah ah ah ah
[**Gm**]
Hey Girl
                        [**Dm**]   [**C**]
Oh Oh The world that I could tell
[**Dm**]
Oh that sound
Is getting close
        [**Gm**]
We better get down
                        [**Dm**]   [**C**]
Oh Oh The world that I could tell
(rest of chorus)
