

Missile

IAMX

IAMX - Missile

very easy

F - A - Dm - Bb

F - C - Bb

F **A**
So you came like a missile,
Dm **Bb**
Falling on my head with the black sky,
F **C** **Bb**
Think you re giving but you re taking my life away

F **A**
Then you came with your breeze blocks,
Dm **Bb**
Smashing up my face like a bus stop,
F **C** **Bb**
Think you re giving but you re taking my life away

Like the drunk you convinced was sober,
You keep me falling over,
Think you re giving but you re taking my life away

With the best of intentions,
You tried to give an ocean directions,
Think you re giving but you re taking my life away

So you came like a missile,
Leaving me the whole world in exile,
Think you re giving but you re taking my life away

Like the drunk you convinced was sober,
You keep me falling over,
Think you re giving but you re taking my life away
