Think of England

IAMX

Dm Am C Dm

Dm Am
In the grip of a winter came love and greed
C Dm
Insane with faith I took the driving front seat
Dm Am
In the lowlight comfort of Berlin streets
C Dm
The call from emptiness duetted with my bodyheat

Bridge:

Dm Am
I was alone at the front line
C
The message I was told
Dm (break)
Was to try and find

the joy of a lifetime

Chorus: (2x)

Dm
I just can t think of England
Am
I can t see the picture
C Dsus2
I m still running from the fire, the fire

Dm Am
In the twilight hours of nervous rest
C Dm
I bought the beast before believing the threats
Dm Am
In a foreign field I cut all regrets

C

Dm

But the poisoned stories just repeat themselves in fucked up mess

Bridge:

Dm

I was alone for the first time

The message I was told

Was to try and find

the joy of a lifetime

Chorus: (2x)

I just can't think of England

I can't see the picture

I'm still running from the fire, the fire
