

Cheer Up

Ian Axel

This Isn't in the correct key, but what I like to play it in. Transposing the key down 4 half steps (so the first chord is Ab) should put it in the original key

Intro-

C G C F C G Am F

C

Cheer up!

G

C

F

Cause nothing really matters when you look up into outer space

C

G

Am

F

It's a great big world, and there's no need to cry

C

Cheer up!

G

C

F

We're all interconnected to the reaches of the galaxy

C

G

Am

F

And my best friend says he came from the sky

G

He traveled to the Earth aboard a pink space ship

G

It's hard for him to hide behind those eyes...

C

Cheer up!

G

C

F

The atoms in your body are as old as every dinosaur

C

G

Am

F

You're a special part of one big grand design

C

Cheer up!

G

C

F

We're all in this together to discover what we're living for

C

G

Am

F

13 billion years, and there's still time

G

Every night, I wish upon a star so bright

G

Waiting for the others to arrive

C

Cheer up!

G

C

F

Cause nothing really matters when you look up into outer space

C

G

Am

F

It s a great big world, and there s no need to cry

C

G

Am

F

C

13 billion years, and there s still time...
