C **D** **C** **D**

When did you first scrape the knees of my heart

C **D** **C** **D**

You said you would never marry a musician

C **D** **C** **D**

I said that s all right - cos I ain t good enough to be one

C **D** **C** **D**

You dragged this basket case - in out of the dark

C **D**

And I fell for you - from the knees of my heart

Riff:

C D C D C D

The Registrar s Office was a bold council gray
I slipped the ring on your finger - it s there to this day
Oakington Avenue - corn flakes n jam
I sprayed your Anglia black - but it still looks like a pram
You got the face of an angel - I felt Cupid s dart
All the way down to the knees of my heart

E **D**
You love me - you hate me
E **D**
You move me - you irritate me
E
When I go over the top you always drag me back
C **D** **C** **D**
You fill in all the cracks - I guess opposite s attract

And I m glad of that

Riff:

C D C D G G G G G

Down by the river where the humming birds hum
I bought you house with a burglar alarm system
You re honest, you re faithful - you re loyal and true
G **G** **G** **G** **D**
Where would I be if it was not for you?

Same chords are verse, but includes some noodling.

For always and ever - til death do us part
I will love you - from the knees of my heart

(Fixed some)

Could be some mistakes.
I don t know.
Shouldn t be any.
