/A bass lead in.....

**Em** **Bm**  
It s always cold inside the Icehouse

**G** **D**  
Though the rivers never freeze

**Em** **Bm**  
There s a girl outside the Icehouse

**G** **D**  
I can see her clearly though the trees

**F** **C**  
And now she s dreaming of a new love

**Gm** **Bb**  
And she hopes he ll be there soon

**F** **C**  
But she s got so long to wait for him

**Gm**  
Because he needs another year to get there

**Bb**  
She ll wait another lifetime longer

**Asus4**  
There s no love inside the ICEHOUSE

**Em** **Bm**  
The devil lives inside the icehouse

**G** **D**

| **Em** | **Em** |

**Bm**  
He came here in the winter snow

**G** **A**  
 Now it s colder every day  
**F** **C**  
 But she s still dreaming through the summer  
**Gm** **Bb**  
 And she s hoping through the spring  
**F** **C**  
 She says she s got no time for winter nights  
**Gm**  
 She doesn t notice as the days grow colder  
**Bb**  
 She can t remember getting any older  
**Asus4**  
 There s no love inside the ICEHOUSE
