

Puzzle Me

Ilse DeLange

Ilse De Lange - Puzzle Me

Bm G D Em A

There it is, I can see
The little picture perfect me
I have tried, using force
But it always ends up tragically
So I stay the way I am
Just a crooked little outline
Iâ€™m whole, then not, and back again
Wondering when Iâ€™ll ever find

G A

Someone who will take the time

D Em Bm G A Em G (A)

Puzzle me
Spread my heart out on your floor
The pieces now are yours to put in place
Rearrange, â€™cause Iâ€™m scattered, undefined
Hanging on by borderlines
â€™Till you complete
You puzzle me

Bm G D Em A

Pick me up, lay me down
Your touch, it has turned me round
Over time, patiently
All the little clues you found
Have shapened up to show
Youâ€™ve pulled me together
We fit and we both know
Everything is better now

G Bbdim

Everything is better

D Em Bm G A Em G (A)

Puzzle me
Spread my heart out on your floor
The pieces now are yours to put in place
Rearrange, cause Iâ€™m scattered, undefined
Hanging on by borderlines
â€™Till you complete
You puzzle me

Bm G Bm Em A+

And everything about me, suddenly made clear
The empty spaces disappear

D Em Bm G A Em G

Puzzle me
Spread my heart out on your floor
The pieces now are yours to put in place
Rearrange, cause Iâ€™m scattered, undefined
Hanging on by borderlines
â€™Till you complete
