

What Have You Done
Ilya Bekker

Capo on 2nd fret

Intro: strum Am once

What have you done I can t believe it
You broke the bond instead of trying to seal it
Why did you take what I wanted to keep
Is this a nightmare cuz I hope I m asleep

Did you really think that this was a game
Did you really think that I was just playin
With your heart
Well I was not

Were we really so out of touch
You say we never really spoke that much
So you didn t tell me
You just fell in

Another man s arms where you felt warm
You thought I was cheating when I wasn t home
You didn t know you d cause me so much harm
I didn t know we d gotten so far apart
