

In My Sight
Imaginary Future

[Verse]

C **F** **C** **F** **C**
I know that we both will emerge from this unscathed
 F **C** **G**
It s impossible to say what will go
C **F** **C** **F** **C**
And when we do meet and I see you in your street
 F **C** **G**
In the driveway with your hair down to your side

[Chorus]

C **F** **C** **F**
And I won t be the first to say I need you
C **F** **C** **F**
I will wait until your heart comes too
C **F** **C** **F**
I don t mind as long as I have you

[Verse 2]

C **F** **C** **F** **C**
Maybe weâ€™ll return to a place that we once were
 F **C** **G**
Like a second never passed from before
 C **F** **C** **F** **C**
Or we ll never find anything that reminds
 F **C** **F** **G** **F**
Us of a love we once shared long ago

[Chorus]

C **F** **C** **F**
And I won t be the first to say I need you
C **F** **C** **F**
I will wait until your heart comes too
C **F** **C** **F**
I don t mind as long as I have you
