Storm

A E F#m D A
Dried in red skies where drought have taken all the trees.

A E F#m D A
We re lost in wastelands of pride and covered lies.

E D A
We perish, end is just.

E D A
In anguish, all is dust.

E F#m
Waters move, as you call.

E D A
Like a storm, in fall.

D E
Come rainclouds and make grainfields sprout.

F#m A
My heart wonâ€™t dry.

D E A
Come overflowing wells, come bloom in spring.

F#m A F#m A

A E F#m D A
Ride through black clouds, you raise your voices calling me.

E F#m D A
In highlands, on hillsides I know you so well.

E D A
Love will win that day,

E D A
and horses lead your way.

E F#m
Winds will move, as you call.

E D A
Like a storm, in fall.

D E F#m A x2

D E
Come rainclouds and make dried hearts sprout.

F#m A
Impale me, complete me.

D E
Come riders white and shed your light.

F#m **A**
Complete me now.
