

Tidal
Imogen Heap

Capo 3

Em C x 2

Em **G**
Before electric light
Em **C**
You paddled through the soup of darkness as a crocodile
Em **G**
Cherry picking in the river
Em **C**
I would leave crisp note footprints at the Bankside

D
Watch it closely you see it begin to move
D
Watch it closely you see it begin to flicker

G **Em** **C**
While we re here, lets see what happens
C **D**
What we got, got, got to lose
G **Em** **C**
While we re tidal and flexed on a full moon
C **D**
It d be a sure, sure shame to not do

Em **G**
In every wonder what you are
Em **C**
I ve blurted everything I know just for a piece of it
Em **G**
Flash frozen, patchworked and fallow
Em **C**
I sprung up in hearts and arrow superhighways

D
Watch it closely you see it begin to move
D
Watch it closely you see it begin to flicker

G **Em** **C**
While we re here, lets see what happens
C **D**
What we got, got, got to lose
G **Em** **C**
While we re tidal and flexed on a full moon

C **D**
It d be a sure, sure shame to not to that

Em **G**
Do you what you feel, just how you like
D **C**
Nobody has to know

Em **G**
Do you what you feel, just how you like
D **C**
Nobody has to know

Watch, watch... watch... watch, watch...

What we got to lose

G **Em** **C**
While we re here, lets see what happens
C **D**
What we got, got, got to lose
G **Em** **C**
While we re tidal and flexed on a full moon
C **D**
It d be a sure, sure shame to not do

Do it for England
Do it for love
Do it for us
Do it for goodness sake
Do it for all the times
We wished we had

Em **C**
Do what you want, just how you like
Em
Nobody has to know

Em **C**
Do what you want, just how you like
Em
Nobody has to know
