I ve got the intro to Butch figured out finally
I m still working on the rest of it.

	E		G#	A	E		G#	A	F#
e	-----								
B	-----								
G	--1--1--1--5---	6---	1--1--1--5---	6---	3---	3--3--3--			
D	--2--2--2--6---	7---	2--2--2--6---	7---	4---	4--4--4--			
A	--2--2--2--6---	7---	2--2--2--6---	7---	4---	4--4--4--			
E	--0--0--0--4---	5---	0--0--0--4---	5---	2---	2--2--2--			

The verse is really simple:

E
You eat your heart out, I d eat it too

A
It burns and blisters, you want it to

E
I never swallow, I chew I chew

A
The darker berry, spit back at you

E **A**
you can t take what I won t need it

E **A**
Takes too long to hear you scream it
[I m a little unsure about the chorus still]

A5 **F#5**
He was a troubled teen
He read a magazine
The prince wants to be a queen

E5
Suddenly!

[all the other verses are the same. The
Whole song is basically E + A over and over again
Just in different ways.

That s really all there is to know.
