

**The Illusion  
In Fiction**

Artist: In Fiction

Song: The Illusion

Okay, I know this isn't 100% correct

CAPO on fourth fret

Verse 1:

**Am** **C**  
The stage at my feet  
**Am** **C**  
Is not part of me  
**Am** **C**  
The way I'm perceived  
**Em** **D/F**  
Contradicts my beliefs  
**Am** **C**  
My head's in a mess  
**Am** **C**  
About where I should be  
**Em**  
And I don't understand  
**D/F**  
If you were to leave

Pre-chorus:

**Em** **D/F**  
When you see how it started  
**Am** **D/F**  
It kind of ruins the illusion  
**Em** **D/F**  
But this is what we had wanted  
**Am** **D/F**  
But I don't wanna be

Chorus:

**Am** **C**  
Bringing you down if I'm falling  
**Am** **C**  
I can't explain how this feels now  
**Am** **C**  
All of our fears could be right through  
**Em**  
The next door...

**D/F**

Or not

Verse 2:

[same as verse 1]

The falls (flaws?) in our lives  
Remind me of why  
It s better we learn  
Than go in blindly and burn  
My regret is met  
With anxiety  
And I d understand  
If you were to leave

Pre-chorus

Chorus

Bridge:

**Em** **D/F**  
As I leave these streets I knew so well  
**Am**  
I am falling  
**C**  
Knowing yeah  
**Em** **D/F**  
I ll never walk along these roads again  
**Am**  
I have taken  
**C**  
All I m owed  
**Em**  
So let me go

Pre-chorus 2:

**Em** **D/F**  
She asked if I remember  
**Am** **D/F**  
She swears she ll feel this way forever  
**Em**  
If I m the one in question  
**D/F**  
Well i don t wanna be...

Chorus 2x
