Incubus - 11am

=====

(Verse)

**Em C**

Seven **Am**;

**Em**

The garbage truck beaps as it backs up

**C Em**

And I start my day thinking about what I ve thrown away.

**C**

Could I push rewind?

**Em**

The credits traverse, signifying the end

**C**

But I missed the best part.

**Asus2**

Could we please go back to the start?

**C Asus2 G F**

Forgive my indecision

(Chorus)

**Em C Em**

Then again, then again, then again,

**C**

you re always first when no one s on your side but

**Em C Em**

then again, then again, then again,

**C**

a day will come when I want off that ride.
