(Verse)

Em C

Seven **Am**;

Em

The garbage truck beeps as it backs up

C Em

And I start my day thinking about what I've thrown away.

C

Could I push rewind?

Em

The credits traverse, signifying the end

C

But I missed the best part.

Asus2

Could we please go back to the start?

C Asus2 G F

Forgive my indecision

(Chorus)

Em C Em

Then again, then again, then again,

C

you're always first when no one's on your side but

Em C Em

then again, then again, then again,

C

a day will come when I want off that ride.
