name=mike gomes
band=godsmack
song=immune
inst_type=Bass
body=E string is dropped down to D.
```

Intro has a little chorus used in it

/= slide

r = rest

Intro and verses   (part 1)

```
G     ---------------------------        Play this with a little

D     ---------------------------        chorus until Sully sings

A     ------5----5----5/7--7--7--7--       Face it, Try it........

D(E) 0--0-----0----0---------------
```

Then Play this...

Chorus (part 2)

```
G      ------------------------------

D      ------------------------------

A      ------------------------------

D      0--0--0-2-0-3-0-2/3--3--3-3------
```

For the second verse, play part one again. Then play the second part for the

Second Chorus. But after the second chorus, play this (part 3) just once.

```
Bridge    (part 3)

G   ----------------------------------------------------------------

D   ------------------------------------------------------------------

A   ------------------------------------------------------------------

D   0-r-0-0-r-0-0-r-0-0-r-0-0/2-2---0-r-0-0-r-0-0-r-0-0-r-0-0/3-3

A   --------------------------------------------------------------------

D   0-r-0-0-r-0-0-r-0-0-r-0-0/2-2---0-r-0-0-r-0-0-r-0-0-r-0-0/2-2/3
```

Play this just once, then play part one again a couple times and then there s

another verse. Play part one until the third chorus comes. Then the bass

plays part three by itself one time. Then it s played another six times for

the guitar solo and the end. It s a pretty simple song. Anyone that can play

bass can learn this song pretty quickly.
