

Chocolate High
India.Arie

India.Arie Ft. Musiq Soulchild "Chocolate High" **F# C# B (F#-C#)**

Yeah yeah yeah yeahhhh

F# C# B
Ooooh, Ooooh

F# - C#

If we make each other happy, then we just can't lose

F#
I don't mean to be decadent,
C#
I might sound like a hedonist.

B
But the simplest way I can put it,

You become a habit.

F# C#
The more I consume, the more I gotta have it.

F#
Ain't no such thing as too much.

C#
If you gave me everything it'd never be enough yeah.

B
My black coffee with sugar no cream

F# C#
in the morning You're my super double caffeine dream yeah.

Your precious darkness got me so strung out and lovin' the way that you got
me so wide open, my babydoll.

Jonesin' and fienin' under my skin

My nerves are screamin' when you're not here.

See, baby, I need ya.

Sugar, you're so delicious.

Chorus:

There is somethin' about your love that makes me just want to open up.

Your flavour is the sweetest thing in life.

I m addicted to your chocolate high.

Cause I want you, and I know that you want me.

So, let s stay close like we supposed to be

And just get high off our own supply.

I m addicted to your chocolate high.

I be trippin in so many ways if I

Go a single day without a taste of your love,

The finest cuisine of today s world.

Five stars you re just so gourmet

I crave you; I want you.

Every cell in my body needs you,

My body needs you, tasty like,

Hershey s and Nestle youre rich like

Godiva boy your just so sexy

(Chorus)

There is somethin about your love that makes me just want to open up.

Your flavour is the sweetest thing in life.

I m addicted to your chocolate high.

Cause I want you, and I know that you want me.

So, let s stay close like we supposed to be

And just get high off our own supply.

I m addicted to your chocolate high.

D

D-C#- B

Your flavour is to me the sweetest thing in life,

B-C#-D

And I don't ever want to come down.

D-C#-B

C#

I'm addicted to your chocolate high.

Oh yeah

(BACK TO NORMAL)

(Chorus x3)

Not quite sure about bridge but it works!
