Relaxes all of my nerves.

Let it go (shout it out)
Take deeps breathes and real slow, calm down.
Close my eyes (soft spoke)

Ease my mind (take control)
From my body please
Work your Psychology
[Chorus:]
You're taking good care of me
Always been there for me
Boy I can't bear to leave
Cause I need your therapy
You've given me everything
So much I ever could need
Without you I'm so weak in the knees
I need your therapy
Oh oh oh oh oh (I-I-I-I need your therapy)

his face in my neck and
