

**Going Up**

**Infant Sorrow**

**C**

Like water through a drain,

**F**

I m spinning down, down, down

**C**

Like the needle in my vein,

**F**

You re bringing me down, down, down

**C**

Like a dog who s gone insane,

**F**

You re putting me down, down, down

**Em**

And those of you who doubted me,

**Am**

Are going down, down, down

**Em**

And the record man who never called,

**G**

Can you hear what s going on?

**C F**

I m coming up

**C F**

I m coming up

**C F**

I m coming up

**Am Em Am D**

I m coming up

**F C**

And this world ain t gonna catch me going down
