

## Far Away

Ingrid Michaelson

One of my favorite Ingrid Michaelson songs and I noticed that nobody had tabbed it so I thought

I would. It s my first tab so please rate. The song isn t that difficult. You just have  
get the

rhythm right. I based it off of a live version I found on Youtube but it s the same as  
album.

In the live version there s a capo on the 1st fret, so it s up to you if you want to  
it. I tried to

get the chords lined up with the words but I couldn t unfortunately.

These are the tabs for a few of the chords:
