

The battle with the heart isn't easily won
But it can be won, but it can be won
But it can be won, but it can be won

And so it goes, this soldier knows
The battle with the heart isn't easily won
And so it goes, this soldier knows
The battle with the heart isn't easily won

And so it goes, this soldier knows
(And so it goes)
The battle with the heart isn't easily won
(The war is won)

And so it goes, this soldier knows
(And so it goes)
The battle with the heart isn't easily won
(The war is won)
But it can be won, but it can be won
