

**Soldier**

**Ingrid Michaelson**

The formatting on this site kind of messed up the placing of the chords above the lyrics, but if you listen to the song, you can figure it out easily

Capo on the 3rd Fret

Its a basic up down strumming pattern with four chords, 2 beats per chord:

Intro: **F#m D A E** [2X]

**F#m**                    **D**                    **A**  
I don t believe in anything but myself

**E**                    **F#m**                    **D**                    **A**                    **E**  
I don t believe in anything but myself

**F#m**                    **D**                    **A**                    **E**  
But then you opened up a door, you opened up a door

**F#m**                    **D**                    **A**                    **E**  
Now I start to believe in something else

**F#m**                    **D**                    **A**                    **E**  
But how do I know if I ll make it through?

**F#m**                    **D**                    **A**                    **E**  
How do I know? Where s the proof in you?

**F#m**                    **D**                    **A**                    **E**  
And so it goes, this soldier knows

**F#m**                    **D**                    **A**                    **E**  
The battle with the heart isn t easily won

**F#m**                    **D**                    **A**                    **E**  
And so it goes, this soldier knows

**F#m**                    **D**                    **A**                    **E**  
The battle with the heart isn t easily won

**F#m**                    **D**                    **A**                    **E**  
But it can be won

I sit in the back of a bus watching the world grow old  
Watching the world go by all by myself  
I took a faith full leap and packed up all my things and  
All my love and gave it to somebody else

But how do I know if I ll make it through?  
How do I know? Where s the proof in you?

And so it goes, this soldier knows  
The battle with the heart isn t easily won  
And so it goes, this soldier knows

The battle with the heart isn't easily won  
But it can be won, but it can be won  
But it can be won, but it can be won

And so it goes, this soldier knows  
The battle with the heart isn't easily won  
And so it goes, this soldier knows  
The battle with the heart isn't easily won

And so it goes, this soldier knows  
(And so it goes)  
The battle with the heart isn't easily won  
(The war is won)

And so it goes, this soldier knows  
(And so it goes)  
The battle with the heart isn't easily won  
(The war is won)  
But it can be won, but it can be won
