

Taste It
INXS

Intro:

C

C

Yes it s me
I am the one
To make you see
Where we belong
I was shaking
Like a leaf
All wrapped up
In my dirty sheets
If I agree to what comes next
I would be faking
With the best of them
It seems a crime
I would commit
Without the difference
Of all the world s gifts

Sweet sweet sweet
Could you taste it

(To-to-to)
To dream
All the time
Without a scream
In the dead of night
All those faces
Come back to me
I ll be begging
To swim that sea

C

Yea I made
A picture story
Make you cry
In all your glory
A need to quench
The thirst of many
To justify
And make ready

Sweet sweet sweet
Could you taste it
