

## Capricorn

IQ

[Intro]

Am G Am G Am G Am G

[Verse 1]

Am G Am G  
The shadows fill the corners across the square  
Am G Am G  
They come a-crawling to offer shelter, to haul me in  
F G  
Without a needlepoint in the light  
F G  
And the steel to still your tongue  
Am G Am G  
The night hides a multitude of uncovered sins

[Solo]

F G Am Bm  
F G Am Bm

[Verse 2]

Am G Am G  
The heart beating in Capricorn, I take on a guise  
Am G Am G  
They won't define me anytime in the English rain  
F G F G  
Will I feel an automatic release from all this pain?  
Am G Am G  
With no movement, undiscovered, I lie in wait

[Chorus]

F G  
So what if you're sentimental  
Am Bm  
And I'm out of tears, out of sympathy?  
F G  
I'll make it look accidental  
Am Bm  
And I'll leave no sign to say your life was mine  
F G Am  
No-one I think fell out of my tree  
Bm F  
No-one I carried just the same  
G Am  
Thinner than most sinners and saints alive  
Bm  
Dare you speak my name?  
F G

So what if you re temperamental

**Am**
