[Verse 1]

**Em Bm**  
She woke up one day with the rising of the sun

**D Am**  
Surrounded by fields of grain

**Em Bm**  
Hopped on a plane never to return

**D Am**  
Destination hide the pain

**Em Bm**  
Landed in the middle of a big blue sea

**D Am**  
And before she had time to unpack

**Em Bm**  
She listened to the sound of the waves on the shore

**D Am**  
And knew that she was never going back

[Chorus]

**G D**  
Stay the course you can't turn back

**Am C**  
You might get scared, you might get lonely

**G D**  
Thinking about ways you could lose the path

**Am C**  
It's all harmful distractions

**G D**  
Stay the course in a changing sea

**Am C**  
Tides turning, waves are churning

**G D**  
Thinking about trying to take another from me

(Trying to take another from me) Mhm-mh
