In The Light Irene Skylakaki

Am E

Lately I ve been sitting all alone

G

And my mind has frozen time

F

But the clock is ticking

Tell me would you want to kiss me Hold me in your arms and squeeze me If you knew I was a beast

C G

But in the light

Am

Everything looks beautiful and bright

F

I can see no clouds up in the sky

Your sparkling eyes Make it hard to see behind the lies Why do I put up with this disguise

Am E

Lately I ve been sitting in the dark

G

And our moments at the park

F.

Seem so far and distant
