

**Timecop**  
**Iron Chic**

Tuning: Standard

The verses are just powerchords palm muted, chorus I like to play the whole chord

INTRO: **F#**

**F#5**                    **Bb5**  
Remember when time was all we had?  
**Eb5**  
no care for the sand in the hourglass  
**F#5**                    **Bb5**  
each new night was another shot  
**Eb5**  
to stake our claim on a parking lot  
**F#5**                    **Bb5**  
remember when friends we re all we d need?  
**Eb5**  
day followed the night and we d let it lead  
**F#5**                    **Bb5**  
in the basement, on the pavement  
**Eb5**  
we couldn t conceive of an end to it  
**F#**  
but it s not like that anymore

**B**                    **F#**  
Re-group, re-calculate  
**Ebm**                **C#**  
rushing in was our first mistake  
**B**                    **F#**  
re-think, re-calibrate  
**Ebm**                **C#**  
set our sights on something bigger  
**B**  
(maybe move on to better things)

**F#5**                    **Bb5**  
Remember the pain of growing up?  
**Eb5**  
it may have hurt but it sure was fun  
**F#5**                    **Bb5**  
it made us who we are now  
**Eb5**  
it gave us a mystery to figure out  
**F#**  
this is what we waited for

**B**            **F#**  
 Re-group, re-calculate  
**Ebm**        **C#**  
 rushing in was our first mistake  
**B**            **F#**  
 re-think, re-calibrate  
**Ebm**        **C#**  
 set our sights on something bigger  
**B**            **F#**  
 these days not much has changed  
**Ebm**                    **C#**  
 except how we feel and whats at stake  
**B**            **F#**  
 but we are still the same  
**Ebm**        **C#**  
 should we choose to linger  
**F#**  
 or move on to better things
