Chorus

I will continue some other time...

Beat her mistreat her do anything that you please
Bite her excite her make her get down on her knees
Abuse her misuse her she can take all that you ve got
Caress her molest her she always does what you want

You re running away don t you know what you re doing
Can t you see it ll lead you to ruin
Charlotte you ve taken your life and you ve thrown it away
You believe that because what you re earning
Your life s good don t you know that you re hurting
All the people that love you don t cast them aside
All the men that are constantly drooling
It s no life for you stop all that screwing
You re packing your bags and you re _coming_ with me
