Verse 4: [use verse 2 chords]

Doesn t anybody see how scared you are?

There was a time I was running you down

But the world kept spinning round

Doesn t anybody see how scared you are?

There was a time you were running to me

But the hurricane had mercy

Chorus 2: [use chorus 1 chords]

In your restless days

All that wind, all those waves

In your restless nights

We closed our eyes, killed each other and came to life

In your restless days

I made my bed, I dug my grave

In your restless nights

We both swung blind, somehow falling into the light
