C D G  
i ve a picture of you on our favorite day by the seaside  
C D G  
there s a bird stealing bread that i brought out from under my nose?

verse two: (same chords as above)

tell me, baby, tell me  
does his company make light of a rainy day?  
how i ve missed you lately  
and the way we would speak and all that we wouldn t say

do his hands in your hair feel a lot like a thing you believe in?  
or a bit like a bird stealing bread out from under your nose?

verse three: (same chords as above)

tell me, baby, tell me  
do you carry the words around like a key or change?  
i ve been thinking lately  
of a night on the stoop and all that we wouldn t say

if i see you again on the street by the beach in the evening  
will you fly like a bird stealing bread out from under my nose?
