

Trapeze Swinger
Iron & Wine

it s not as pretty in chords but still

here is the fisrt verse (which is also more or less the whole song)

D **A** **G**
please remember me, happily
 D **A**
by the rosebush laughing
 D **A** **G**
with bruises on my chin, the time when
 D **A**
we counted every black car passing
 Bm **A** **G**
your house beneath the hill, and up until
 D **A**
someone caught us in the kitchen
 Bm **A** **G**
with maps, a mountain range, a piggy bank
 D **A**
a vision too removed to mention

yep thats pretty much it

it s such a great song and i hope you enjooy the simplfied verson!
