[Verse]

Em	C	G	D*
mother don t worry, i killed the last snake that lived in the creek bed			
mother don t worry, i ve got some money i save for the weekend			
mother remember being so stern with that girl who was with me?			
mother remember the blink of an eye when i breathed through your body?			

[Chorus]

Em	C	G	D
so may the sunrise bring hope where it once was forgotten			
sons are like birds, flying upward over the mountain			

[Verse]

Em	C	G	D
mother i made it up from the bruise of a floor of this prison			
mother i lost it, all of the fear of the Lord i was given			
mother forget me now that the creek drank the cradle you sang to			
mother forgive me, i sold your car for the shoes that i gave you			

[Chorus]

Em	C	G	D
so may the sunrise bring hope where it once was forgotten			
sons are like birds, taken broken up to the mountains
