Blinded by your light

Just waiting to grow old

She said, love, I give you everything
G
I give you everything that you need
F **Am**
Oh, love, well I d do anything
G
And I d do anything to be seen

[Verse 2]

So when you packed all of your bags
Am
And left without a word
C
Well the voices in her head

Were begging to be heard

So she wept all through the night

Am

And slept all through the day

C

cause her lonely, lonely heart

Was calling every trap you laid

I give you everything that you need

F

Am

Oh, love, well I d do anything

G

And I d do anything to be seen

[Bridge]

F

So why did we break down

Am

And why did we break down

C

G

Was it just cause we weren t ready

F

So why did we break down

Am

And why did we break down

C

G

Was I too vulnerable or too unsteady

F

So why did we break down

Am

And why did we break down

C

G

Was it just cause we weren t ready

F

So why did we break down

Am

And why did we break down

C

G

Was I too vulnerable or too unsteady

[Chorus]

Well love, I gave you everything
G

F **Am**
Oh, love, well I d do anything
