Lyrically Happy
Itchy Poopzkid

Hi guuys!
Itchy Poopzkid, again. Crazy but awesome song, I think it can be played
differently and there s also a riff, but I m really not that into figuring them
out, so I m gonna leave that to other people.
I am not sure about this, some thing sound right in my opinion, others don t :D.
I
just couldn s find a better solution.
So contact me if there s things to correct, to ask or to request. ;)
Please rate! :)

No capo.
