

The Person I Hope Youre Not
Itchy Poopzkid

Em **G**
Do you remember when the sun used to be shining out of you
Em **G** **Em**
Now I fantasize and I realize it slowly gets me too
Em **G**
Youâ€™re stuck here in your apathy you donâ€™t hear what I say
Em **G**
I packed my bags a million times but I just canâ€™t get away

Em Em

G **D** **Em**
Kiss me please or kill me now
D **G**
Do anything just do it somehow
G **D** **Em**
Take control, youâ€™ve grown a lot
C **Em**
Just stop the person that I hope youâ€™re not

Lately Iâ€™ve been losing touch to you but I hope their touch is left
So if you plan to stop denying please just be my guest
I figured you need me just as I need you but our kisses vanish fast
When lips are shaking like some ice cubes in an empty glass

G **D** **Em**
Kiss me please or kill me now
D **G**
Do anything just do it somehow
G **D** **Em**
Take control, youâ€™ve grown a lot
C **Em**
Just stop the person that I hope youâ€™re not

Bring back the other you and open up the door
Sometimes I think it works but weâ€™ve been here before
Feels good when I believe but then again itâ€™s getting worse
It makes me sick, it makes me sick, she makes me sick that psycho chick
Should I stay or disappear Iâ€™m looking for the answer

G **D** **Em**
Kiss me please or kill me now
D **G**
Do anything just do it somehow
