

**Waiting For The Waves**  
**Itchy Poopzkid**

Hi, guys! This is my very first Tab, so don't be too strict with me. I hope I didn't make too many mistakes, but I think most of it is pretty close to the song, so ...

It's actually pretty much fun playing it. I love Itchy Poopzkid and I hope I can figure out more of their songs soon.

To get the strumming you simply have to listen to the song, then, it's quite easy.

I hope you're having fun playing it!

No capo.
