All the wretched things have done are now submerged in  
**C** **Em** **Am**  
Blood, who is responsible for all of this love?  
**Em** **F** **G**  
It s true, we cannot live without forgiveness.

**C** **Em**  
I try so hard to live above the world,  
**C** **Em** **Am**  
Selfish lies give me more and more grief?  
**Em** **F** **G**  
We still store our treasures here, so easily destroyed.

**F** **Am** **C** **G**  
The final time, I close my eyes.  
**F Am** **C** **G**  
I will open them in paradise.

**C** **Em**  
Now I realise I am nothing but a  
**C** **Em** **Am**  
Clone, made from dust by someone learning to love,  
**Em** **F** **G**  
Like you do eternally, always true.

**C** **Em**  
I want to be nothing more than a man,  
**C** **Em** **Am**  
Only yours, I ll be the big son, one who you hold close  
**Em** **F** **G**  
To your heart eternally, never apart.

**F** **Am** **C** **G**  
The final time, I close my eyes.  
**F Am** **C** **G**  
I will open them in paradise.

The final time, I close my eyes.

I will open them in paradise.
