

Made From Dust
Ivoryline

C Em
All the wretched things have done are now submerged in
C Em Am
Blood, who is responsible for all of this love?
Em F G
It s true, we cannot live without forgiveness.

C Em
I try so hard to live above the world,
C Em Am
Selfish lies give me more and more grief?
Em F G
We still store our treasures here, so easily destroyed.

F Am C G
The final time, I close my eyes.
F Am C G
I will open them in paradise.

C Em
Now I realise I am nothing but a
C Em Am
Clone, made from dust by someone learning to love,
Em F G
Like you do eternally, always true.

C Em
I want to be nothing more than a man,
C Em Am
Only yours, I ll be the big son, one who you hold close
Em F G
To your heart eternally, never apart.

F Am C G
The final time, I close my eyes.
F Am C G
I will open them in paradise.

Paradise

F Am C G
The final time, I close my eyes.
F Am C G
I will open them in paradise.

F Am C G
The final time, I close my eyes.
F Am C G

I will open them in paradise.
