[VERSE]

It started, We was at the mall, it s the first place we ever met,
Off in a gaze?, I was thinkin of ways to tell my love that this is the end,
And as we sittin sippin Pina Coladas, the thoughts wouldnt t leave me alone,
I know exactly what I gotta do, but I ma let her know when we get home,
My love dont wanna see you cry, no, eh,
And I dont never wanna leaveeee,
This situation got me so lost for words,
But I ma try to tell you how I feeelll.
How am I to tell the love of my life, I m in love with my best friend,
I play it over and over up in my head, and I know how it s gonna end,
How am I to tell the love of my life, I m in love with my best friend,
I m tryin hard to find the word, but not one seems to make sense.

[CHORUS]

I ma just breathe and let it out,
Breathe and let it out,
Breathe and let it out
I ma just breathe and let it out,
Breathe and let it out,
Breathe and let it out

[VERSE]

Oh baby, lemme holla at you, cos I really think that we need to talk,
And by the way you looked in my eyes, I could you knew something was wrong,
And as I watched as you tried to plate up, with the tears fillin up in your
eyes,
You put your hands around my waist and hugged me tighter and said, Baby tell me

what s on your mind,
My love, you know me from the get go,
I ve always got to keep reaaaalllll,
This situation got me so lost for words,
But I ma try to tell you how I feeellll.
How am I to tell the love of my life, I m in love with my best friend,
I play it over and over up in my head, and I know how it s gonna end,
How am I to tell the love of my life, I m in love with my best friend,
I m tryin hard to find the word, but not one seems to make sense.

[CHORUS]

I ma just breathe and let it out,
Breathe and let it out,
Breathe and let it out
I ma just breathe and let it out,
Breathe and let it out,
Breathe and let it out

[BRIDGE]

Eh, Oh I, Oh I, Oh I,
I m I love with my best friend

[CHORUS]

I ma just breathe and let it out,
Breathe and let it out,
Breathe and let it out
I ma just breathe and let it out,
Breathe and let it out,
Breathe and let it out
