

Pretty Girls

Iyaz

[Chorus]

There s a lot of pretty girls in this city
There s a lot of pretty girls in this town
tryna pick the right one
tryna pick the right one
Tryina find a shorty to hold me down

[Verse 1]

They say to get to New York girl
Then you gotta have a lot of class
And I heard ain t nothing like the Cali girls
But you better have a lot of cash

And I know there ain t nothing like the A-Town girl
Cuz they know how to show you love
And no matter where I go
I gotta let them know
That this song here is about you

See I don t mean to run away
To places you would not believe
It s dealing on these pretty gals
Iâ€™m wishing you were there with me
Itâ€™s simple when you smile girl
Tell me all I need to know
You can be my one and only

[Chorus]

There s a lot of pretty girls in this city
There s a lot of pretty girls in this city
I m trying to pick the right one
I m trying to pick the right one

I m trying to pick the right one
I m trying to pick the right one

There s a lot of pretty girls in this city
There s a lot of pretty girls in this town
I m trying to pick the right one
I m trying to pick the right one
Trying to find a shorty to hold me down

Eb-Fm-Cm-Ab

Tell me is it you, girl?
Is it you, girl?

[Verse 2]

They say, To get a MIA girl,
Then you gotta have a lot of swag
I heard, To get a Down South Bell,
Then you gotta ride a Cadillac
I know, Ainâ€™t like a London girl,

[Travie McCoy]

Iâ€™m so indecisive
Trying to find a pretty girl that these shoes goes nice with
Been around the world and back, got a I4 and girls in black
But I need a chick that s gonna hold me tight like vice grip

Just make sure you need my heart how you found it
You can keep the key but the lock is around me
Baby, letâ€™s take it slow, no pulling a fast one
And you look like the type to keep my mind off the last one

[Chorus]

There s a lot of pretty girls in this city
There s a lot of pretty girls in this town
I m trying to pick the right one
Trying to find a shorty to hold me down

There s a lot of pretty girls in this city
There s a lot of pretty girls in this town
I m trying to pick the right one
I m trying to pick the right one
Trying to find a shorty to hold me down
