D G A (repeat)

I ll remember you,

when I tried all the things

you convinced me I could do

and honey I just couldn t do.

D G A (repeat)

I ll remember you,

at end of a lifetime of futal labor that was hell

I ve tried to stay busy so

I wouldn t have time to fail

D G A (repeat)

I ll remember you.

long after I abondoned our love

because I thought I was better

and honey it just wasn t true

D G A (repeat)

I ll remember you,

when I realize it never

would have happend this way

If I never whould have listend

to all the things you had to say

(Bridge)

To the girl who fell by my side

after making love and said

do I have to walk on water twice

to prove a point

D G A (repeat)

I ll remember you

when the end is coming up

I told you to get off with me

but you never stopped

D G A (repeat)

I ll remember you

when I m old and rich and alone

I ll still know that

I never topped you.

D G A (repeat)

I ll remember you

You can never find anything that you didn t have in childhood!

You can never find anything that you didn t have in childhood!

D G A (repeat)

Everybody!

D G A (repeat)

You can never find anything that you didn t have in childhood!

You can never find anything that you didn t have in childhood!

And I ll remember you
