Gb Db E Ebm Abm Gb B Db  
Gb Db E Ebm Abm Gb B Db

[Verse 1]

Gb Db E Ebm  
I found a place where all seasons meet  
Abm Gb B Db  
The earth and the sky are one with the sea  
Gb Db E Ebm  
On a hill looking down to the sea  
Abm Gb B Db  
Gives visions of life as it truly should be

[Chorus 1]

E B Eb Bb  
The air is so clean that the sun can shine brightly  
E B Eb  
My face is caressed by the breeze  
E B Eb Bb  
It s the time of the day when I find it most likely  
E B Db  
To go down and be by the sea

[Verse 2]

Gb Db E Eb  
The thoughts I feel down by the sea  
Abm Gb B Db  
Your facing the wind as you stand next to me  
Gb Db E Ebm  
My mind s adrift between the wind and the sea  
Abm Gb B Db  
Invisioning thoughts of pure ecstasy

[Chorus 2]

E B Eb Bb  
With you here with me, taking walks cross the pastures  
E B Eb  
For a very short time, yes I know  
E B Eb Bb  
Yet I find when we walk, and our minds come together  
E B Db  
It s as if we were never alone

[Verse 3]

Gb Db E Ebm  
To be at peace in a place such as this

**Abm**                    **Gb**                    **B**                    **Db**  
The wind and the sea plays a large part of me  
**Gb**                    **Db**                    **E**                    **Eb**  
To be with you, near the wind and the sea  
**Abm**                    **Gb**                    **B**                    **Db**                    (**Gb**)  
Concludes my thoughts in completely pure harmony
